

January 2022

Hello Parents of 8th Graders,

We would like to share some important information about CVUSD Governing Board policies in relation to Promotion Ceremony requirements.

It is the expectation of Flying Hills School of the Arts and the CVUSD Governing Board that our 8th-Grade students meet the following criteria to participate in our June Promotion Ceremony:

Maintain a minimum of a 1.5 grade point average (GPA)

2. No more than 25 excused or unexcused absences for the 8th grade year.

We have been given special permission by our Governing Board to exercise flexibility as it relates to academic and attendance expectations due to circumstances related to COVID-19. We will examine special circumstances on a case-by-case basis for students who do not meet promotion participation requirements.

Additionally, Flying Hills School of the Arts has established specific eligibility requirements for students to participate in other 8th-grade end of the year activities:

1. Maintain a minimum of 1.5 grade point average (GPA) for Trimester 2 and 3
2. No more than 25 excused or unexcused absences for the 8th grade year
3. No disqualifying discipline or citizenship issues

As is the case with Promotion, these requirements can be reconsidered if the student has extenuating circumstances due to COVID-19
